

Last Minute Labor Day Savings on Unlocked Phones Available from Cellhut

One of the internet's leading sellers of unlocked phones is having a Labor Day sale on their most popular phones.

New York, NY, August 29, 2008 --(PR.com)-- Take the day off and save on the best-selling phones from Cellhut. These Labor Day deals are only available for a limited time and once the stock runs out of the product then the sale ends. The perfect way to enjoy a Labor Day weekend is to purchase a hit-tech cell phone and enjoy flawless reception wherever your adventures take you for the weekend.

Imagine going out of state to meet up with family only to encounter poor reception because the phone you have isn't full compatible with the dim signals in the area. The best way to ensure that you are able to call people without a problem is to purchase one of the advanced phones featured in Cellhut's Labor Day sale.

Cellhut has been a successful e-commerce website since 1996. No other company sells more unlocked cell phones at a better price than Cellhut.com. The customer service department is also top-notch and handles every case with speed and efficiency.

In this article are outlined two of the best deals in the sale and represent great opportunities for people to save on the most advanced phones.

The Samsung D830 is available for \$199.98 and is one of the best performing clamshell phones on the market. The impressive list of features include a 2 Megapixel Camera with autofocus, 80 Megabytes of internal memory, a MicroSD slot, slim style, and EDGE compatibility. It's safe to say that this phone has you covered in terms of all the basic features you would need when making calls.

The Samsung WEP410 for \$42.99 is a great Bluetooth headset that performs remarkably well even in situations where there is a lot of noise. This headset's combination of great looks and features give this model a distinctive style that will surely turn heads. Using software to accurately pick up your voice and disregard background noise, you can't get a better headset than the Samsung WEP410 in this price range.
