

## **Prime Visibility Wins 2006 Long Island Software Award**

*Prime Visibility, recognized leaders in Search Engine Marketing, is a proud recipient of a 2006 Long Island Software Award (LISA) from LISTNet - The Long Island Software & Technology Network - for a software application known as PRIMEPAGES<sup>sm</sup>.*

Bethpage, NY, May 08, 2006 --(PR.com)-- Prime Visibility, recognized leaders in [Search Engine Marketing](#), is a proud recipient of a 2006 Long Island Software Award (LISA) from LISTNet - The Long Island Software & Technology Network - for a software application known as [PRIMEPAGES](#). The LISA recognizes excellence in software development by Long Island-based companies.

PRIMEPAGES is a software program created by Prime Visibility's Internet Development Programming team. This innovative software converts dynamically formed pages into easily indexed static URLs in a 100% Search Engine Friendly manner.

“Prime Visibility is honored to receive such high recognition from LISTnet,” says Andrew Hazen, President and CEO of Prime Visibility, LLC. “We are even prouder that our PRIMEPAGES<sup>sm</sup> software helps our clients drive more relevant visitors to their sites from search engines thus increasing leads, conversions and revenue.”

About the Long Island Software Awards: The LISA showcases the strength and diversity of Long Island's software industry. By recognizing excellence in a wide range of software products, the LISA seeks to stimulate creative interaction among those engaged in software development and application on Long Island, and to give these activities a higher recognition.

About LISTnet: The objective of LISTnet is to promote Long Island as one of the national centers of excellence for Software and Technology solutions. Long Island's silicon corridor is strategically placed to serve the high technology needs of businesses in the New York City metropolitan area as well as the international marketplace.
