

WeValuer.com, the hottest Domain Name Appraisal Website Implements their New Domain Appraisal Program. Now Guaranteed Accurate.

WeValuer.com, the leader in internet domain name appraisals has just updated the look and process of their domain appraisal site. They now have the most accurate process available to domain buyers and sellers across the world. WeValuer now is also utilizing two professional domain valuers to insure the most accurate appraisals available on the web. Guaranteed Accurate.

Chandler, AZ, September 11, 2008 --([PR.com](#))-- One of the hottest new trends across the web is buying and selling domain names. Each day thousands of unused domain names across the web are bought and sold for enormous profits. However, for people who want to buy and sell their domain names finding the correct price can be a tricky thing. An accurate and reliable domain appraisal is key for this, and that's where WeValuer.com comes in. It's crucial when buying or selling domains to know the fair market value of the domain name so that you can be sure you are getting the best deal possible for your money.

WeValuer.com has just implemented their new [domain appraisal](#) system. This system looks at over fifteen different value indicators as well as two professional domain appraisers to research and evaluate the merits of a domain name. This new process guarantees the most accurate pricing method available on the web. The company is so sure of their new methods that they now are offering a Money Back Guarantee.

WeValuer now also provides a list of domain names currently for sale for convenient one-stop shopping. They will even list your domain for sale for free with the purchase of any domain appraisal.

WeValuer.com is now remodeled and easy than ever to use. With just one click you can have the most up to date and thorough appraisal of the domain you wish to buy or sell.

If you have any questions or concerns friendly associates are there to help you with anything you may need. WeValuer.com offers domain appraisals for just \$14.95 and is a proud user of both Google Checkout and PayPal for the most secure purchases available.
