

## **ClubzUp® Keeps Your Golf Club in Sight and Your Golf Club Grips Clean and Dry**

*Patented product fits on the end of your golf club keeping your golf club up, in view and your golf club grips free of debris, dry and more comfortable.*

Escondido, CA, September 21, 2008 --(PR.com)-- Continental Components, LLC announces the availability of their patented golf club protector, ClubzUp. If you're a golfer, you struggle with keeping your grips dry on the course. This happens when you take more than one club with you for a shot, especially around the greens. It's common to take a shot and lay your other club in the grass. You may lay your grips on a towel to keep them dry. However, after the first few holes, your towel becomes wet and your golf club grips are no longer protected.

If this sounds familiar, you need ClubzUp. ClubzUp's patented design solves this problem by allowing you to place your clubs in a safe, upright and visible position. ClubzUp is fast, effective and easy to use. Just slip ClubzUp over the end of the club's grip, and insert the ClubzUp spikes into the grass. To remove, simply tilt the club back then forward loosening the spikes and lift. Then just place ClubzUp in your pocket. It's that simple.

Works In high rough, low rough, middle of the fairway, even sloped lies.... all while keeping your grips clean and dry.

Why buy the other golf club caddies or grip protectors. ClubzUp works better than the clips and stands on the market. It fits in your pocket and is the only club caddy you'll need on the golf course to keep your golf club grips dry. ClubzUp is the patented product to keep your golf club grips dry and golf clubs in sight.

Protect your valued investment, keep your golf club grips dry and never lose another club with ClubzUp.

A unique and valuable gift for any golfer, the ClubzUp can be made in almost any color and screen printed with your logo for special events or as a distinctive company give-away. ClubzUp is available today for just \$9.99 with free shipping and handling. It also comes with a 30-day money back guarantee.
