

## **Serviced City Pads Expands Into the Manchester Area**

Liverpool, United Kingdom, September 24, 2008 --(PR.com)-- Serviced City Pads, a leading UK specialist for [serviced apartments](#) in Liverpool, has increased its portfolio of serviced apartments with the addition of over 300 apartments in Manchester. The fully furnished apartments have been made available in conjunction with the company's new website and can be viewed at [www.servicedcitypads.com](http://www.servicedcitypads.com).

The serviced apartments are located in the following areas of Manchester: Castlefield, Deansgate, Northern Quarter, Piccadilly, and Spinningfields. The luxury, self-contained apartments cater for corporate customers and private guests who require a more spacious alternative to a Manchester hotel. Each apartment has entertainment facilities, a fully fitted kitchen and modern amenities equivalent to either a three, four or five star hotel. In addition, the apartments sleep between 1 to 8 people and are available for any length of time.

“It’s a big step for this business to be moving into the Manchester market after great success in Liverpool over the previous 9 months,” Chris Rose, Director of Serviced City Pads, comments. “As with our Liverpool apartments, the Manchester apartments offer the comforts of a luxury hotel - along with all the space, privacy and flexibility you would associate with your own apartment.”

For more information about Serviced City Pads please call on +44 (0)151 709 8000 or e-mail [info@servicedcitypads.com](mailto:info@servicedcitypads.com) or visit [www.servicedcitypads.com](http://www.servicedcitypads.com).

About Serviced City Pads:-

Established in 2007, Serviced City Pads is a Liverpool based company representing apartment owners in the North West of England. Serviced City Pads provides serviced apartments in Liverpool and Manchester to business travellers and private guests. In the coming months, the company plans to increase its product offering to other major UK cities.
