

Nutricap Labs to Attend Natural Products Expo East for Fifth Consecutive Year

Nutricap Labs, a leading provider of nutraceutical manufacturing services is proud to announce its attendance at Natural Products Expo East for the fifth consecutive year. Recognized as one of the top 200 trade shows in the United States, Natural Products Expo East is the largest natural and organic trade show on the East Coast.

Farmingdale, NY, October 07, 2008 --(PR.com)-- Nutricap Labs, a leading provider of nutraceutical manufacturing services is proud to announce its attendance for the fifth consecutive year at Natural Products Expo East in Boston, Massachusetts from October 15 to October 18. The event will be taking place at the Boston Convention & Exhibition Center (BCEC). Nutricap Labs will be exhibiting at booth #347.

Jason Provenzano, Executive Vice President of Sales and Operations for Nutricap Labs said, “We are excited to attend Natural Products Expo East once again this year. Last year's convention in Baltimore proved to be a great success for Nutricap Labs and we look forward to building upon that success in Boston and taking our organization to the next level in 2009.”

Ranked as one of the top 200 trade shows in the United States, Natural Products Expo East is the largest natural and organic products trade show on the East Coast, featuring thousands of the newest and best-selling products and branded ingredients from more than 1,100 companies. This show draws an international audience by delivering the best in organic at Organic Products Expo-BioFach America, while also offering an extensive training program for retailers.

Since 2003, Nutricap Labs has been at the forefront of nutraceutical technology and manufacturing. Their ability to provide their customers with full service [supplement manufacturing](#) solutions including product formulation, label and packaging design, as well as drop shipping and order fulfillment has helped make Nutricap Labs a well-known and respected name in the nutraceuticals industry. Nutricap Labs facilities and manufacturing procedures are GMP certified, thus guaranteeing that all products exceed quality and efficacy standards.
