Chicago, IL, October 07, 2006 --(PR.com)-- If you love dream vacations and love making money, an exciting company known as 'Coastal Vacations' wants to help you with an extraordinary business opportunity. For those searching for the perfect money making opportunity, this is the one you've been waiting for. Founded on quality tools and resources, along with personal support and successful coaching, business seekers can earn more money in a month than most people make in a year.

While at first glance, it may sound far-fetched, Coastal Vacations is a well-established organization with a 20 year history of helping entrepreneurs earn a high level of income, and all from the comfort of home. As the perfect no selling, home based business opportunity, Coastal Vacations is one of the easiest and most profitable opportunities ever to hit the market and is considered as a top rated home based business. The reason Coastal Vacation business owners are reaping the benefits of this extraordinary home based business is because the product is a highly valued, sought after travel product that allows people to save up to 80% on all vacations for life. Coastal Vacations associates market memberships to individuals and companies who want to travel and then members save big on travel arrangements and accommodations, without worrying about expensive timeshares or huge hotel bills.

Edgar Wirth, Coastal Vacations associate had this to say: "I can't believe how quickly I started making money. In just a few short weeks, I started pulling in \$1,000.00 a week and I was hardly making any effort. Individuals and businesses purchase the memberships to save on vacations and corporate travel and some use the complimentary vacations as incentives. Nothing could be easier or more beneficial, especially for those who have an entrepreneurial spirit."

For those seriously interested in a very lucrative business opportunity, this is the best home business opportunity around. No selling, cold calling, bothering friends or talking to prospects. Speak with other promoters to see why a high financial level is achieved without making calls and definitely without having to close a sale.
