

## **Super Sexy Announces Launch of Couture Hand Painted & Define Your Sexy, Build-It-Yourself Custom T-Shirts**

*Super Sexy Designer, Anna Pereira, launches the “Define Your Sexy” page of her clothing label’s website, [www.MySuperSexy.com](http://www.MySuperSexy.com), allowing customers to custom build their own T-shirts and Tank Tops that define their sexy.*

Union, NJ, August 05, 2005 --(PR.com)-- MySuperSexy.com, the Internet boutique of Anna Pereira's [Super Sexy Clothing](#) Line is now letting you customize Anna's original designs and sayings with an easy to use drop down menu. You choose the T-shirt style, shirt color, airbrush paint color/colors, crystal rhinestone colors and shirt size for a Super Sexy shirt to express what makes you unique and Super Sexy.

MySuperSexy.com's “Shop” button takes you to a page which features two different types of customizable shirt categories:

**Couture Custom** - Allows you to customize Anna's wearable artwork collection. Shirts feature: heart patterns, floral patterns, stars, circular patterns and abstract paintbrush strokes, embellished with Swarovski crystals and hand set corsets (corsets are optional). Customers select the art pattern/design they want and then choose their T-shirt/tank top style, crystal rhinestone colors/colors, and airbrush paint color combination that suits them. Then corsets can be chosen as either full or partial corsets, or shirts can remain without a corset. A simple manipulation of color, changes the design to make yours a true one of a kind.

Super Sexy Couture Custom designs are feminine, colorful and have lots of Bling! Yet, with airbrush elements some consider to be an urban clothing line designing application, Anna likes to refer to as 'Femininely Urbanesque,' allows the Super Sexy line to go day into night and can be worn almost anywhere.

**Specialty Designs** - Allows you to choose from a wide variety of Super Sexy sayings and sweet graphics. You can define what is sexy to you! Is karma sexy? Is astrology sexy? Is your location sexy? Do you want to say it on a vintage cotton T-shirt (Saturday Tee), a boy beater tank top, a long sleeve T, or a spaghetti strap tank top? What about the Swarovski crystals? What color crystals do you like to sparkle in?

To build your own custom Super Sexy shirt, visit [www.MySuperSexy.com](http://www.MySuperSexy.com) and click on “Shop.” All garments are hand painted and airbrushed in the USA. Swarovski crystals are hand adhered one at a time (without the prong settings) and all corsets are hand installed by Super Sexy Designer and Artist, Anna Pereira. All garments are hand wash or machine washable. Always there for you, when you need a sexy, unique, and glitzy top.
