

## **Leslie Ross M.M. Executive Vice President, FiftyOneSolution Inc. Launches Cervical & Ovarian Cancer Foundation**

*After the tragic loss of a very much loved and personal friend to Ovarian Cancer, Mr. Leslie Ross M.M. Executive Vice President of FiftyOneSolution.com and Executive Vice President of DollarMed Pharmaceutical Corporation founded The Kay -Ross Foundation to bring about more awareness, education and resources to address Cervical & Ovarian Cancer Outreach.*

Sebastian, FL, November 24, 2006 --(PR.com)-- After the tragic loss of a very much loved and personal friend to Ovarian Cancer, Mr. Leslie Ross M.M. Executive Vice President of DollarMed Pharmaceutical Corporation (dollarmed.com) and Executive Vice President of Fifty-One-Solution Inc. (fitytonesolution.com) a Not-For-Profit Organization founded The Kay-Ross Foundation. Today, through its collaboration with FiftyOneSolution.com, The National Council On Aging (NCOA), Planned Parenthood, and Harvesttime Group of Companies to name but a few, Mr. Ross conducts seminars and provides educational resources to bring about awareness to the critical need to have more women screened for Cervical and Ovarian Cancer and to have regular visitation with their OBGYN doctors.

The Kay-Ross Foundation was founded in part by the collaboration with FiftyOneSolution.com through Lisa Kay and Leslie Ross's continuing effort to bring about awareness to the critical need to have more women screened for Cervical and Ovarian Cancer. As Lisa Kay fought on a daily basis to combat her stage 4 ovarian cancer diagnosis it was her hope and her quest to conquer cancer using both medical and naturopathic measures to achieve her goal. It is Lisa's dream and Leslie Ross's Promise to help those who are suffering from this critical affliction.

Their campaign includes:

1. Helping those who are unaware of the critical need to have more women screened for Cervical and Ovarian Cancer by having regular visitation with their OBGYN doctors.
2. To bring about awareness and education about current resources and research projects that are in the works to reduce the mortality and affliction from Cervical and Ovarian cancer.

For more information about conducting Cancer Educational Seminar and Awareness programs please contact Dr. Icelyn McLean-Gray, President, Fifty-One-Solution Inc. or Leslie Ross Executive Vice President Fifty-One-Solution Inc. at [www.fiftyonesolution.com](http://www.fiftyonesolution.com) (1-866-277-9646).

Fiftyonesolution.com is Owned and Operated by Fifty-One-Solution Inc. a Not-For-Profit Organization.
