

Beer-Bones to Exhibit at the H.H. Backer Christmas Pet Show

Chicago, IL, October 03, 2011 --(PR.com)-- Beer-Bones returns to its hometown of Chicago, IL for H.H. Backer's 45th Annual Christmas Trade Show and Educational Conference. The show will take place October 14 - 16 at the Donald E. Stevens Convention Center in Rosemont, IL.

“We participated in the Chicago Backer show last year and gained invaluable exposure that launched the growth of the company to a national level,” said Beer-Bones Vice President, Monique Fekin. “This year's show brings another exciting opportunity to continue our growth in the Midwest.”

Sparked by the enthusiasm for brewing beer and the love for their dog Cohiba, AMUK introduced the first Beer-Bone in 2008. In a short time, AMUK has increased the volume of products sold and now have a presence in over 100 stores across the United States. Beer-Bones is headquartered in Grosse Pointe Park, MI, and can be purchased in many independently owned pet stores. To locate the store nearest you, visit: www.beer-bones.com.

Now everyone who owns a dog can share a beer with their “best friend” at the end of a long day. Visit Beer-Bones at the H.H. Backer 45th Annual Christmas Trade Show at booth number 4439 to learn more.
