

## **City Mayor Invites All to Doral Park Opening Ceremony**

*City of Doral Conducts Ribbon Cutting Ceremony for New Public Sports Park*

Round Rock, TX, May 05, 2007 --(PR.com)-- The Honorable Mayor Juan Carlos Bermudez and the Doral City Council cordially invited all community residents to attend the official ribbon-cutting ceremony of Doral Park on Friday, May 4, at 7 p.m.

Doral Park features two lighted soccer fields designed with Sportexe synthetic turf, three lighted basketball courts, two lighted sand volleyball courts, walking path with 10 station Vita Course, picnic shelters, large ADA accessible playground with shade canopy, lighted tennis courts, 5,000 square foot Recreation Center Building, parking for 152 cars, open play areas, landscaping and perimeter fencing, scoreboard for all sports and a central plaza for gathering with neighbors.

“This has been a team effort with Recreation Design and Construction,” said Sportexe representative Joe Simpson. “Our working relationship with RDC is great as is our relationship with the City of Doral. In fact, we are scheduled to install two additional fields for the city before the opening of its second park, Doral Meadows.”

The City Commission made the decision to spend the additional dollars to provide the City's citizens with the finest quality facilities available. The Sportexe Synthetic turf on both soccer fields will allow the citizens unlimited use of the soccer fields.

“Installing Sportexe will be a major benefit for the city,” said Simpson. “Not only will it save on maintenance costs, but also on the wear and tear of overuse often associated with natural grass.”
