“The Clinton administration was the best years for the adult industry and I wish that Clinton would run again. I would love to have him back in office. I would love to have Al Gore in office. When Republicans are in office, the problem is, a lot of times they try to put their crosshairs on the adult industry, to make a point.”

“I love Hillary. I think that in some ways she's pretty conservative for a democrat, but I would love to have a woman in office. I think that it would be a step in the right direction for our country, and there would be less focus on war and more focus on bettering society.”
