

## **iGsTer Digital, Cool T-Shirts, Hip Gifts - A Snappy New Source of Fun**

*A new source of cool, hip t-shirts and gift merchandise called iGsTer digital has entered the marketplace at CafePress.com. Featuring Sci-Fi and Fantasy art, nature, wildlife and travel photography and a series of hip sayings, this collection of custom apparel and gift items will appeal to artistically savvy individuals, teens and politically concerned people of all ages. iGsTer digital is a fun and different venue from IFM Productions LLC, a web design and post house with diverse offerings.*

Cos Cob, CT, June 24, 2007 --(PR.com)-- Outfit your family, friends and yourself this summer with uniquely hip new t-shirts featuring cool digital sci-fi art, quality photos of nature, wildlife, fossils, Mayan ruins and hip sayings rendered in fabulous fonts.

The online shop known as [iGsTer digital, Cool T-Shirts, Hip Gifts](#) is a new outlet for some really different designs and they are quite sure you'll find something that's simply irresistible. Fresh designs are always popping up to keep the energy moving.

Being powered by industry giant CafePress.com allows the artwork to be available to savvy consumers on not only quality t-shirts, tank tops, golf shirts, sweats, hoodies and a variety of other shirt variations, but also on premium merchandise such as caps, mugs, decorative tile pieces, wall clocks and prints. You'll find mousepads, teddy bears, throw pillows and tote bags, messenger bags, greeting cards and more fun items like buttons and magnets.

iGsTer digital was born of a desire to get some of the artistic creations of Iggy Makarevich, IFM Productions LLC's web designer, writer and video editor out into the world for the enjoyment of people everywhere.
