

S.D. Professionals, LLC Debuts Video Production Expertise at the New Randy Parton Theater

Firm's Creativity and Talent Captivate Audience and Win Recognition

East Tennessee, TN, August 08, 2007 --(PR.com)-- S.D. Professionals, LLC, a multi-media production and web development firm, debuted its video production expertise at the opening of the new Randy Parton Theater in Roanoke Rapids, North Carolina. Utilizing its out-of-the-box thinking techniques, S.D. Professionals, LLC visually riveted the audience at the theater's variety show, "A Little Bit of Life." Featuring Randy Parton, brother of country music superstar Dolly Parton.

The debut of Randy Parton's "A Little Bit of Life" was turned into an unforgettable experience with four different videos complementing each performance such as the thrilling high-speed car chase, the hilarious comedy bit and never-before-seen footage of the Parton family.

"This experience was an absolute dream come true," said Jacob Timmons, founder of S.D. Professionals, LLC. "The show is fantastic and fills the air with an abundance of energy. I am blessed to have had the opportunity to be a part of such a great adventure."

Surpassing expectations, the company's finished product and work ethic won the approval of Emmy award-winning film and television composer, Velton Ray Bunch. "Under incredibly difficult time constraints, Jacob created some of the most memorable and poignant images that I have ever used," said Velton Ray Bunch, composer of the performance. "Indeed, these pieces were the hit of the show. I can't wait to do another project with him."

S.D. Professionals, LLC already has a future Christmas project in progress with Velton Ray Bunch as well as additional independent developments:

- New documentary as its first primary independent film, which debuts in the fall of 2009
- Video production and editing of online commercials using new tools provided by Google® such as Google® Video

In addition to film production and editing for theatrical performances and television commercials, the company also covers other segments: restoration of vintage footage, online media such as flash presentations, commercial and residential real estate videos and animation.
