

Landscape Lighting Professionals of Jacksonville to Participate in Xscapes Bi-Annual Xpo

NiteLites Outdoor Lighting of Jacksonville, the Landscape Lighting Professionals, is pleased to announce their participation in the Xscapes Bi-Annual Xpo.

Jacksonville, FL, August 16, 2007 --(PR.com)-- Xscapes, a unique outdoor home improvement showroom located at 112180-1 Phillips Highway in Jacksonville, will be hosting its bi-annual Xpo September 8th and 9th. During this event, Xscapes will hold cook-offs, designer challenges, putting contests for prizes, crafts for kids, and more. The full schedule of events will be posted on their website at www.xscapes.com. Xscapes features displays by local businesses, who they call Xibitors. Xibitors showcase a wide variety of products in a real environment, providing the shopper with ideas for their own property. All of the Xhibitors are encouraged to be on site during the Xpo to answer any questions that attendees may have. Xscapes limits its Xibitors to only one company per product or service. NiteLites, the Landscape Lighting Professionals, is proud to be the selected vendor for outdoor lighting. Other categories of products include pavers, swimming pools, decks, sod, and several other home improvement products and services.

While attending the Xpo, stop at the NiteLites display and let Trevor Rosendahl and his staff show the high quality, specification grade fixtures that NiteLites uses for every outdoor lighting system. He will also discuss the techniques that NiteLites uses to create the custom lighting system that complements a house and landscape. NiteLites provides many types of weather resistant coastal friendly low voltage lighting fixtures including outdoor lights for landscapes, patios and gardens, decks, fountains and ponds, and paths. The NiteLites System provides clients with breathtaking curb appeal, added safety and security, increased value and resale potential, and the ability to enjoy outdoor patios, decks, swimming pools and walkways for precious additional hours each evening. The company works with homeowners, architects, architectural landscapers, builders, property managers, and landscapers to create designs that not only highlight landscaping, but also with a gentle glow to showcase the architectural details of properties.

For more information on NiteLites Architectural and Landscape Lighting, or to schedule a free demonstration, call Mr. Rosendahl at 904-779-9020, or 1-866-NITELITES (1-866-648-3548), or visit www.nitelites.com and click on Contact Us or Free Demo.
