

Just Released Proof/Approval System for Creative Agencies, Design Firms and Print Houses

Overcome the common barriers and miscommunication possible in using paper or hard-copy proofs and trying to keep track of all of that via email or old-fashioned fax proofing solutions. Most users found it painstaking, if not impossible, to utilize these applications into a useful solution to meet their business needs.

Northfield, IL, August 22, 2007 --(PR.com)-- After months and months of research and technical development logistics are finally set to place, YouProof.com, ultimate Proof and Approval system, is released to the market.

It's a web based proof / approval & collaboration tool specially designed for small & mid size creative agencies, branding companies, printing houses, graphic designers, photographers, writers & editors and an other service based business and individuals artwork, rendering or draft needs to be shown to the client before processing or finalizing the job.

YouProof.com would help you organize and keep to one place an approved proofs & requested changes. For as long as one year after the files are uploaded on the server.

Email notifications are sent to the clients that are requested to approve the proofs and ones reviewed email notifications are sent back to proof requestor. This is easy to understand and user-friendly solutions.

Online Proofing and Approval system in time saving and cost effective way of clearly communicating with a customers or team members for all time sensitive projects where hand delivery of the hard copy proofs is imposible or expensive.

Introductory prices for the system are only \$99 for a year of access. No size limitations or prices per proof. The only limit is not to exceed 500 proof documents for a year. \$299 Pro solution for 1000 proof per year or for larger enterprises that needed more proofs & approvals there is an enterprise solution that is \$2500 per year for unlimited proofs. Sign in today and get 30 days free trial.
