

Top 50 Most Wanted PlayStation 3 Games Listed by P3Zine

Latest issue of the free PlayStation 3 magazine gives gamers 50 great reasons to own a PS3, listing the top releases scheduled for the next six months.

London, United Kingdom, August 24, 2007 --([PR.com](http://www.pr.com))-- Issue 6 of the free PS3 magazine, P3Zine, has just compiled a list of the top 50 most wanted PS3 games. The games are grouped in release date order so gamers can see exactly when each game is coming, and there are the latest details on each game included.

"The PlayStation 3 games lineup has attracted a lot of criticism up until now and rightly so," says Dave Taylor, Publishing Director, "but this feature shows that the games drought is well and truly over with next-gen titles of amazing quality appearing with regularity from here on. Whether it's the likes of Haze, Heavenly Sword, GTA IV or Assassin's Creed, the PS3 lineup shows that next-gen gaming is going to be huge this Christmas."

The issue also includes a huge preview and exclusive interview on WWE SmackDown vs RAW 2008 for PS3, as well as Lair, Unreal Tournament 3 and Metal Gear Solid 4.

P3Zine is a GamerZine for PlayStation 3 gamers, published for free in PDF format. Readers simply require a copy of the free Adobe Reader (version 6 or above) to read the magazines. Each GamerZine includes more than 40 pages of professionally written games journalism and is enhanced with embedded video, multimedia and interactive elements.
