

Global Warming Initiatives, Inc. Accepts Online Donations to Help Reduce Greenhouse Gas Emissions

Raleigh, NC, September 06, 2007 --(PR.com)-- Global Warming Initiatives, Inc., a 501 (c) 3 public benefit corporation, is now accepting online donations through PayPal to help reduce greenhouse gas emissions throughout the United States. PayPal is the most secure and trusted way to donate to Global Warming Initiatives. Global Warming Initiatives requests help to reduce greenhouse gas emissions for a better, cleaner, greener Earth. Global Warming Initiatives needs support so that they can continue to leverage Federal and State governments to pass legislation regarding climate change. Global Warming Initiatives also needs support to continue to help businesses see the benefits to reducing greenhouse gas emissions. Those interested can go to www.gwi-nc.org and click on the donate button to give support so that they and their families may be a part of the solution to the ongoing climate change problem.
