

## **ThinPrint Wins the Best of VMworld Finalist Award**

*TechTarget's SearchServerVirtualization.com Announces "Best of VMworld Award" Winners - ThinPrint wins Finalist Award in Utilities*

Westminster, CO, September 15, 2007 --(PR.com)-- ThinPrint, Inc., the world's leading provider of print management solutions, is pleased to announce that it is the winner of the Best of VMworld Finalist Award in the Utilities category.

An independent team of judges consisting of experts and editors from SearchServerVirtualization.com reviewed and evaluated the products according to innovation, value, performance, reliability, and ease of use.

For more information please visit [www.SearchServerVirtualization.com](http://www.SearchServerVirtualization.com)

A 30-day demo version of the ThinPrint's .print solution can be downloaded free from the manufacturer's website at [www.thinprint.com](http://www.thinprint.com).

The .print technology is available from more than 400 authorized partners around the world.

### **About ThinPrint GmbH**

ThinPrint specializes in mobile enterprise solutions and printing in distributed network architectures. The company's success is based on its print management solution, ThinPrint .print, which is successfully employed in companies of all sizes in all sectors around the globe. More than 500 major distributors and resellers in over 80 countries sell products made by ThinPrint GmbH. Thanks to numerous partnerships, client components using patent-pending .print technology have been integrated into the terminals, print boxes, PDAs and mobile phones of several leading hardware producers. A special role is played here by strategic partnerships with BlackBerry (RIM), Bluetooth SIG, Citrix Systems, Inc., Fujitsu Siemens Computers, Lexmark International, Inc., Microsoft, Nokia, Orange, Palm, Inc., Sun Microsystems Inc., Symbian Ltd., VMware, Inc. and XPS Software GmbH.

### **About Search ServerVirtualization.com**

SearchServerVirtualization.com is a leading server virtualization resource for system architects and IT managers published by TechTarget. The site's editors, resident experts and news writers help IT organizations determine if virtualization is appropriate for them, and helps those who have adopted the technology to use it to its greatest effect. SearchServerVirtualization.com provide access to the latest news, articles, tips, experts advice, learning guides, white papers, and webcasts covering all areas of server virtualization, including virtualized platforms, server hardware, managing virtual environments, virtualization architectures and strategies, and application issues.

### **About TechTarget**

TechTarget is a leading provider of specialized online content that brings together buyers and sellers of corporate IT products. We sell customized marketing programs that enable IT vendors to reach corporate IT decision makers who are actively researching specific IT purchases. We operate a network of 35

websites, each of which focuses on a specific IT sector, such as storage, security or networking. IT professionals rely on our websites for key decision support information tailored to their specific areas of responsibility. We complement our online offerings with targeted in-person events and three specialized IT magazines that enable advertisers to engage buyers throughout their decision-making process for IT purchases. As IT professionals have become increasingly specialized, they have come to rely on our sector specific websites for purchasing decision-support. Our content enables IT professionals to navigate the complex and rapidly changing IT landscape where purchasing decisions can have significant financial and operational consequences. Since our founding in 1999, we have developed a broad customer base that now comprises more than 1,000 active advertisers who placed business with us in 2006, including Cisco, Dell, EMC, Hewlett Packard, IBM, Intel, Microsoft, Oracle, Research in Motion, SAP and Symantec. More information about TechTarget is available at [www.techtarget.com](http://www.techtarget.com).

#### About VMware

VMware (NYSE:VMW) is the global leader in virtual infrastructure software for industry-standard systems. Organizations of all sizes use VMware solutions to simplify their IT, fully leverage their existing computing investments and respond faster to changing business demands. VMware is based in Palo Alto, California and majority-owned by EMC Corporation (NYSE:EMC). For more information, visit [www.vmware.com](http://www.vmware.com).
