Members are welcome to form their own groups about specific subjects, and even create their own questions and games where they can challenge each other.

New joiners to this friendly and competitive community get a \$2 gift, just for signing up. With games entry fee starting as low as 50 cents, players can start playing real money games right away. On their first deposit, players get a 50% match bonus up to \$500! Other exciting promotions include special giveaways, where players stand to win cash money in a free game.

Additional cool features that contribute to a superior game experience include the game history record where players can revisit old games and go over them, question by question. A quick warm-up before the beginning of a game is another great feature that sets the players in the right mood, and the ambiance is complete with a selection of two types of background music: a relaxing, mellow tune for easy-going games, or a jumping electronic beat that fuels an energetic feel and combat spirit.
