

Sunsearch LLC

Sunsearch LLC is offering free solar energy seminars in its office in Guilford, CT. Learn more about how you can use the power of sun to offset your energy bills.

Guilford, CT, October 26, 2007 --(PR.com)-- Sunsearch LLC is offering free solar energy seminars at its office in Guilford, CT. Sunsearch is a leader in designing and installing solar thermal and solar electric systems in CT. This free seminar will cover different types of solar energy systems, state rebates, federal tax credits and various options for a home owner. The seminar will be held on Nov 15 at 6.30 PM at 393 Soundview road, Guilford, CT-06437. Walkins accepted. The owner of the company, Mahesh Varavooru has this to say about the seminar: "The solar energy seminars conducted by Sunsearch LLC educates the residents of CT of the various options they have in solar and how they can save on their energy bills. It explains the payback for different kinds of solar energy systems". Sunsearch LLC has designed and installed over 10,000 solar energy systems in CT, NY, MA and RI since 1975. We help the residents of CT in realizing their solar powered homes and explain how they can use residential solar power to offset the energy bills. Please log on to <http://www.sunsearchllc.com> to learn more about Sunsearch LLC. Call 203-453-6591 to confirm the date and time of the seminar.
