Long Beach, CA, October 30, 2007 --(PR.com)-- Welcoming a new baby's entry into our world is a cherished time. What better way to celebrate this momentous event than with the time honored tradition of a baby shower. But how does one know, which unique baby gifts will be treasured for years to come? With over 6 years of experience, one successful online baby boutique, www.RecurrentDreams.com, has come up with their top 10 list of [Unique Baby Shower Gift Ideas](#) for 2008.

“When selecting our top 10 list, I simply listened to what mothers valued the most about their baby shower gifts. And of course it also helps being a mother of two,” states Dawn Torress, owner of Recurrent Dreams Baby Boutique. “Expectant mothers want the best for their baby, and in a nutshell that transcends down to casual luxury. Don't be mistaken, I am not referring to a diamond studded pacifier. Everyday casual luxury is a rich baby balm that soothes baby's delicate skin. Or perhaps a sumptuous infant hooded towel, to wrap baby after her first bath. Casual luxury is a cozy swaddling blanket that keeps baby warm and secure as he adjusts to his new environment outside of the womb. Today's [luxury baby gifts](#) are about nurturing baby's body and soul. And pampering Mom too.” Visit Recurrent Dreams' website, www.RecurrentDreams.com, to view their top 10 list of Unique Baby Shower Gift Ideas, starting at \$10.95.
