

## **Announcing the Introduction of the Most Advanced Nasal Sinus Irrigation System on the Market... The SinuPulse Elite®**

*After years of development Health Solutions Medical Products Corporation is pleased to announce the availability of the next generation nasal sinus irrigation device. The SinuPulse Elite® Advanced Nasal Sinus Irrigation System.*

Culver City, CA, November 04, 2007 --([PR.com](http://PR.com))-- Developed and engineered in Switzerland, The SinuPulse Elite® has been designed by a team of professionals with over 30 years of irrigation experience. It's patented technology is the first and only pulsatile nasal irrigation system designed to deliver both a thorough cleansing pulsatile rinse and a micronized pulsating moisturizing mist spray for doctor recommended rinses or solutions. The SinuPulse features a state-of-the-art design that will not leak or clog. Other advance features include fully variable pressure control on the handle, Intellipulse™ technology for a calibrated pulse rate which maintains a consistent pulse rate regardless of pressure, and a micro touch switch with LED display.

The SinuPulse Elite® and its intermittent pulsing rinse helps prevent sinus infections and relieve the associated pain and pressure. Simple and easy to use the SinuPulse takes only a few minutes to use. Recommended by leading health care professionals and supported by published medical reports pulsatile irrigation helps provide natural relief of allergy and sinus symptoms.

The SinuPulse Elite features a state-of-the-art design that builds on their success with the Hydro Pulse but offers superior performance and a state of the art design that includes:
