

New Training Courses on Solvency ii, UCITS iii and the Reinsurance Directives - from Compliance LLC

Compliance LLC today announced five new compliance web sites (for Solvency ii, UCITS iii and the Reinsurance Directives), and three new compliance training courses.

Washington, DC, November 28, 2007 --(PR.com)-- Compliance LLC, a leading provider of compliance training, executive coaching and consulting in more than 34 countries, today announced the launch of five new web sites:

1. www.solvency-ii-training.com

Courses and presentations designed to provide with the knowledge and skills needed to understand and support compliance with the Solvency ii and the Reinsurance directives of the European Union. The implementation of the Solvency II regime can benefit greatly from the experience and lessons learned during the Basel II projects in the world.

2. www.reinsurance-directive.com

(Information and documents used in our compliance training classes)

Reinsurance allows direct insurance undertakings have a higher underwriting capacity and reduce their capital costs. The Directive forms part of the European Union's Financial Services Action Plan, which aims to create a single market in financial services in the European Union.

3. www.reinsurance-directive-training.com

From the rules relating to the solvency margin and to the guarantee fund, to reinsurance undertakings in difficulty or in an irregular situation, special purpose vehicles, vehicles in third countries, and calculation of the adjusted solvency of insurance undertakings and reinsurance undertakings.

4. www.ucits-iii.com

(Information and documents used in our compliance training classes)

UCITS stands for Undertakings for Collective Investments in Transferable Securities. The UCITS iii directive consists of two directives that regulate funds sold across the EEA. UCITS is the easy passport for funds in the EEA (MiFID is the difficult one).

5. www.ucits-iii-training.com

From the Management Directive and the Product Directive, to UCITS iii compliant funds, sophisticated UCITS, hedge funds and alternative investments, onshore and offshore legal structures and products authorized under different regimes.
