

EPDM Coatings Releases Roofing Blog

EPDM Coatings LLC has launched and added a customized roof repair blog to its website.

Reading, PA, December 16, 2007 --(PR.com)-- Today EPDM coatings announced the addition of liquidroof.blogspot.com an informative source for consumers who are looking for roofing advice. EPDM Coatings provides the only liquid EPDM rubber in the world. A highly specialized do-it-yourself solution for roof leaks. Applications range from RV's to commercial and retail buildings and fish ponds. Their recently launched blog is filled with valuable information to save consumers time and money on making solid decisions on anything from looking for a reputable roofing company to identifying a do-it-yourself solutions to existing roof leaks or roof troubles.

The blog also hosts a valuable resource section where visitors get expert advice from professionals on a wide variety to searchable topics. "We anticipate our blog will provide yet additional value to our customers. The roof is one of your more costly expenses in homeownership and we want our visitors to have the best information available to them when they make their decision" States Kellie McCallister of EPDM coatings. You can reach EPDM Coatings at 866-311-3736.
