

NetITOn Has Been Accepted into the MCAA

The Messenger Courier Association of the Americas is dedicated to representing the needs, interests, and concerns of the messenger-courier and delivery service industry. Netiton has enjoyed great success in servicing this industry and looks forward to meeting the partners and members of this prestigious association.

Hawthorne, NJ, December 27, 2007 --(PR.com)-- Netiton.com has always enjoyed success in the transportation industry. They are now servicing messenger and courier companies from coast to coast in the USA. The members of the Messenger Courier Association of the Americas run on diverse computer systems. Netiton.com has experience in supporting all the operating system and order processing systems in this industry. Their team of technicians were hand picked for their industry experience. Netiton.com looks forward to meeting the partners and members of this prestigious association.
