

Detroit Metro Airport Cabs Take Off with Checker Sedan

Through an exclusive contract with Detroit Metro Airport, Checker Sedan limousines and cars are actively providing luxury sedan curbside pickup service at Detroit Metro Airport. Checker is committed to providing luxury sedans and vehicles with GPS and Automated Vehicle Locator capabilities. In addition, Checker provides wheelchair accessible vehicles.

Dearborn Heights, MI, January 12, 2008 --(PR.com)-- “We are truly honored to provide sedan service for travelers using Detroit Metro Airport,” said Timothy J. McCarthy, President of Checker Sedan.

Clients enjoy the opportunity to step out of the airport to friendly and professional curbside pick-up. Some clients order in advance or decide to utilize Checker Sedan's services upon arrival.

Repeat business is a big component for the sedan service, and McCarthy and his team work to ensure customer satisfaction and hassle-free service through clean cars, attention to detail and professionalism. Checker Sedan takes pride in alleviating some of the stress that today's busy schedules may bring. After a long day of airport travel, the simple things like offering clients spring water and magazines can add a sense of much-needed relaxation.

Checker Sedan's 250 independent contract drivers must go through special clearance before they are permitted to shuttle customers to and from the airport. They also submit to drug testing and background checks. Furthermore, the Michigan Secretary of State's office notifies Checker Sedan if a driver is ticketed.

Checker Cab and Sedan has been providing quality transportation services to Metro Detroit residents and guests since 1921 with the mission to provide customers with the safest, most reliable and most courteous ground transportation services available at competitive prices. Checker Sedan, the luxury service division of Checker Cab, was established in March 2000 and has become the fastest growing chauffeur-driven licensed luxury sedan company in Metropolitan Detroit.

Checker Sedan provides limousine Detroit service from the Detroit metro airport servicing the Detroit Metro airport region. Detroit travel has never been easier with limousine Detroit service for the city of Detroit. Checker Sedan, is an affiliate of Soave Enterprises, a privately held management and investment company founded by Detroit businessman Anthony L. Soave.
