Belize City, Belize, January 25, 2008 --(PR.com)-- Hosted by the Fortune Lounge Group and available on the Royal Vegas website, the company's most popular [online casino](#), Casino School is geared towards enhancing the player's user experience through an improved understanding of online games.

Fortune Lounge research indicates that many casino players tend to stick to games they know in the online gaming environment, lacking the confidence to try out new games due to a lack of experience and knowledge.

The Fortune Lounge Group offers a host of exciting online gaming experiences at Royal Vegas and wants its players to be able to enjoy them all. For this reason the Casino School was introduced as a means of removing misconceptions about any of the games as well as assisting members to become better players.

Through a fun set of tutorials, players are able to pick up new strategies and tips, practice games and take part in fun game trivia and quizzes for the following games:

- Baccarat
- Blackjack
- Craps
- Slots
- Video Poker
- Online Tournaments
- Keno
- Red Dog
- Roulette
- Scratch Card
