

Propelling Your Business to the Next Level

Dallas, TX, February 06, 2008 --(PR.com)-- Sales Surge, a newly launched sales outsourcing firm, uses its extensive collective experience to provide your sales team with strategies and inspirations to jumpstart sales and make your business grow.

Sales Surge LLC, a unique new sales outsourcing firm, provides businesses with the motivation and know-how to radically boost sales with bold, insightful strategies.

“As with every other aspect of a company's operations, it makes sense to learn about sales from professionals who have been in the field for years and who have a passion for it,” says Greg Bautz, President and CEO of Sales Surge. “Sales Surge provides exactly that team of professionals, including vastly experienced sales managers and executives, to inspire your sales curve to reach for the sky.

Sales Surge (available online at <http://www.sale surge.com>) offers services that are ideal for companies needing help with making bigger and better B2B sales. Sales Surge helps companies with profitable growth rather than just revenue growth.

Sales Surge aims for three objectives with its clients:

1. To inspire and energize sales teams about creative sales, playing a role as the enabler of business growth and customer retention.
2. To expose client firms to people, processes and tools that will provide a framework for a customer-centered mindset and actions that follow from it.
3. To provide a forum to discuss and identify the gaps that need to be closed for a successful sales operation.

"If sales is not your core competency, and you want more time to focus on developing your product and running your business, then outsource your sales to us. But we do understand that sales outsourcing is not for everybody. Sales Surge always offers other solutions to help drive bottom-line profits," says Bautz. "We can show you exactly what needs to be done by offering coaching, consulting, and evaluation of your existing sales team."
