

## **Exclusive Webinar Presents Information Security Survey Findings to Vendor Industry Leaders**

Princeton, NJ, February 07, 2008 --(PR.com)-- The State of Information Security for Financial Institutions

Banking and security solutions vendors will get a closer look at their customers' profiles, pain points and priorities this week in an exclusive new webinar by Information Security Media Group (ISMG).

The State of Information Security 2008 vendor briefing will be held at 2 p.m. Eastern Time on Thurs., Feb. 7, featuring ISMG Editorial Director Tom Field and Sales Director Nicholas Burke in a presentation and dialogue with leading banking and security vendors.

Registration remains open for this webinar - visit [www.bankinfosecurity.com](http://www.bankinfosecurity.com) for details - but already the attendee list includes registrants from market leaders such as CA, Digital Insights, Fiserv, HP, IBM, Metavante, Oracle, Symantec and Verisign.

Among the highlights of the webinar will be:

- Overview of the survey premise and methodology;
- Review of the key findings, particularly in the areas of:
  - Incident Response;
  - Vendor Management;
  - Customer Education;
- Special focus on respondent profile, business drivers and spending priorities;
- Interactive discussion on 'What it all means' to banking and security solutions vendors.
