

## **The Academy of Cinema and Television is an Accredited Member of the Phoenix Better Business Bureau**

*As an accredited business member of the Phoenix BBB, the Academy of Cinema and Television is letting all current and future students and their parents know the school manages its operations honestly, fairly and with integrity.*

Phoenix, AZ, March 01, 2008 --(PR.com)-- The Academy of Cinema and Television is proud of its relationship with the Phoenix BBB as it sets the school apart from other professional business organizations because member companies must earn the right to belong to the BBB. Membership approval is not a rubber stamp process.

Because the Phoenix BBB zealously monitors member compliance with the most stringent membership standards, the parents of our students are more confident and know that any disputes that may arise will be handled thoughtfully and responsibly.

The Academy of Cinema and Television's BBB membership is earned every business day as parents sign their talented children up to take classes with the private academy for the performing arts.

The BBB's reliability is reflected in the thousands of trustworthy businesses it represents, and the solid unbiased information it has provided to consumers for decades.
