

Are Metal Keys Going to be Extinguished?

This book will assist you through the fascinating world of renaissance art by ways of keys

Centerville, OH, March 02, 2008 --(PR.com)-- In our day and age hospitals, hotels, churches, businesses, cars and mansions people have replaced all door keys with plastic cards or electronic devices. Gary Ventolini MD just published through lulu.com a new book: "Art within the Keys of the Renaissance." The book illustrates magnificent keys crafted almost 600 years ago in the splendor of the renaissance era, along with their related art and history.

The author, Chairman of Obstetrics and Gynecology at Wright State University is an enthusiastic and serious collector of keys and an art devotee.
