

Introduction of Gourmet Mediterranean Sea Salt Flakes in Disposable Grinders. Chef Quality Salt Reaches the Public.

Petros Traditional Products introduces their latest gourmet condiment, Mediterranean Sea Salt Flakes, the pinnacle of gourmet organic Sea Salt, in disposable Salt Grinders at an affordable price. Also available in eight different flavours.

New York, NY, March 03, 2008 --(PR.com)-- Petros Traditional Products introduces their latest gourmet condiment, Mediterranean Sea Salt Flakes, the pinnacle of gourmet organic Sea Salt, in disposable Salt Grinders at an affordable price. Also available in eight different flavours.

Mediterranean Sea Salt Flakes are unlike refined table salt which only contains sodium chloride. It is a rich source of calcium and magnesium, plus trace minerals, such as copper, tin, selenium, chromium and boron, which can be easily absorbed by the body and are essential to good health. Sought after by the health conscious and gourmet chefs for its delicate texture and flavour. The pronounced and distinctive salty taste means less salt is required, an advantage for those who wish to reduce their salt intake.

The company is seeking long-term business relationships with major importers/distributors worldwide and with special interest in the USA market.
