

Credit Restoration Shop, LLC Announces Release of New Backend Credit Audit Program

Credit Restoration Shop, LLC, announces the finalization of its proprietary consumer credit audit software.

Baltimore, MD, March 20, 2008 --(PR.com)-- Credit Restoration Shop "Our new backend developed in part with a national brand media company allows us to process credit auditing and allows effective validation and enforcement of consumer protection laws like the FCRA, FDCPA, FACTA, and HIPA. We are proud to support the country's effort to dig out of this credit debacle brought on by unscrupulous banks and lenders... our efforts are borne from a commitment to aid people in these trying financial times."
