

ProFund Financial and Real Estate Voted One of the "Best in Client Satisfaction Real Estate Agents (SM)" as Featured in San Diego Magazine

Ryan Mathys & Tracie Kersten of ProFund Financial and Real Estate were voted one of the "Best in Client Satisfaction Real Estate Agents (SM)" as featured in San Diego Magazine.

San Diego, CA, March 21, 2008 --(PR.com)-- Ryan Mathys and Tracie Kersten of ProFund Financial and Real Estate, Inc. were acknowledged in the March issue of San Diego Magazine for being voted recipients of the 2008 FIVE STAR: Best in Client Satisfaction Real Estate Agents (SM).

San Diego Magazine worked in conjunction with Crescendo Business Services, an independent research firm, to identify the "Best in Client Satisfaction" Real Estate Agents serving the San Diego Area. Survey respondents were asked to choose only Real Estate Agents whom they knew through personal experience and evaluate them across nine criteria including, customer service, integrity, market knowledge, communication, negotiation, closing preparation, finding the right house, marketing of the home and overall satisfaction.

This year's list of "FIVE STAR: Best in Client Satisfaction" Real Estate Agents represents less than 3 percent of actively licensed Real Estate Agents in the San Diego Area.

ProFund Financial and Real Estate is dedicated to providing the highest quality service to their clients by anticipating market changes and implementing new technology to help clients. In a contracting market ProFund Financial & Real Estate is still growing. With the rise of foreclosures and distressed properties in San Diego, ProFund has partnered with Foreclosure Point to provide current and accurate [San Diego foreclosure](#) data to homebuyers and real estate investors.

Research Declarations:

The 2008 FIVE STAR Real Estate Agents do not pay a fee to be included in the research or the final list of FIVE STAR Best in Client Satisfaction Real Estate Agents. The overall evaluation score of a real estate agent reflects an average of all respondents and may not be representative of any one client's evaluation.
