

Fullerton Dentist Boosts Online Presence

Vivid Dental Studio, the leading implant and cosmetic dentist in Orange County, recently launched a new Web site at www.VividDentalStudio.com to bring patients a fully interactive online experience.

Fullerton, CA, March 31, 2008 --(PR.com)-- Robust Web site gives Orange County dentist's patients convenience and information.

A leading [Fullerton cosmetic dentist](#) has put valuable information and convenience as close as the nearest keyboard.

Vivid Dental Studio, the leading implant and [cosmetic dentist in Orange County](#), recently launched a new Web site at www.VividDentalStudio.com to bring patients a fully interactive online experience.

“We've always been proud of our reputation for giving personal and attentive service,” said [Fullerton dentist](#) Dr. Jayshree Shah. “But the reality is that in today's world, time is at a premium, and this site allows us to extend our service to the times when it's most convenient for our patients.”

Patients can request appointment times, explore financing opportunities, and even brush up on dental terms thanks to an informative online glossary, Shah said.

“An informed patient is a happy patient,” the Fullerton dentist said. “We've always felt it important to educate our patients, and our new online glossary and patient library make important information accessible to everyone whenever they have a question.”

In addition, the site provides detailed information about the full selection of services the [Orange County cosmetic dentistry](#) specialist offers to prevent cavities and gum disease, all in the name of leaving patients with a healthy, beautiful smile.

Patients can download forms - in English and Spanish - that can be filled out in advance, and newcomers to the practice can learn about the background and credentials of the Fullerton cosmetic dentist and her experienced dental specialists and staff.
