

Celtic Crown

The mysticism and romance of the ancient Celtic culture unfolds in the latest 25 line, 5 reel video slot installed at Platinum Play Online Casino this week. Celtic Crown offers players all the elements of a rattling good game - Scatter, Wild, Bonus and Gamble action with multiplier and Free Spin rewards aplenty.

Belize City, Belize, April 04, 2008 --(PR.com)-- Powered by one of the smoothest and fastest slot engines on the Internet, and packaged in brilliantly colored and elegant Celtic graphics, this new offering has a large betting range up to 0.25 and presents opportunities for players to win up to 50 000.00 in the base game, double that on Free Spin earnings and a whopping 56 250.00 on the pick-your-reward bonus feature. Topping off a hard-to-beat ton of entertainment is a Gamble facility where players can bet on color and suite to double or quadruple winnings.

In a theme that showcases ancient kings, ravishing redheads, singing harps and illuminated monkish script against soft green and lucky four leaf clovers, the player will find that the princess and the harp bring the best returns.

When the redheaded noblewoman appears simultaneously across reels 2, 3 and 4 it opens up the second screen bonus feature - the Great Hall of King Bryan Boru where players make three choices from six of the king's kneeling knights, each with its own random prize multiplying the winning bet.

The Harp serves as a Scatter but is additionally a potent generator of up to 25 Free Spins where 2x multipliers come into play and new spins can be retriggered.

They predict that this game will provide hours of great entertainment spiced with solid rewards - try it out now at Platinum Play Online Casino.
