West Hollywood, CA, April 08, 2008 --(PR.com)-- In celebration of its 25th year in business, CPEhr, a leading California [Human Resources Outsourcing](#) firm, announced its plans to support California-based non-profit organizations, including clients and local firms. Non-profit clients were earmarked to receive donations, while other organizations were identified to receive support in recognition of the valuable services they provide.

Founded in Los Angeles, CPEhr has been serving, and has been supported by, local California employers since 1982. In honor of their 25th anniversary, the CPEhr management team decided it was time to give back to the community and its clients. "We were hoping to find a way to express our appreciation to our clients," says Faith Branvold, president of CPEhr. "We are very fortunate to have the support of our clients, and we are constantly thinking of ways to thank them for their business."

During a three-month process, management reviewed their client roster and identified a dozen non-profit clients. Each of CPEhr's 300 for-profit clients received a thank you card, with a request to identify their non-profit of choice. CPEhr received the selections, and earmarked the funds. In total, over \$10,000 was donated to the various non-profit client organizations.

"Every year CPEhr and its employees are involved in charitable causes," explains Branvold. "This year, we wanted to go to our clients in selecting a non-profit organization within the CPEhr family for our donations. This let them learn about, and support, the non-profit organizations with which we have the pleasure of working."

In addition to supporting their clients, CPEhr recognizes the valuable work of other charitable organizations in the region and makes an effort to support them, whenever possible.

Despite the abundance of catering services in the Los Angeles area, CPEhr selected the non-profit Fresh Start Catering as their caterer of choice for their monthly in-house Management Training Seminars. Fresh Start Catering is a division of Step Up on Second, a non-profit organization whose mission is to develop opportunities for individuals with severe mental illness and to integrate them into the workforce.

CPEhr also identified Junior Achievement as a cause it is proud to support. Junior Achievement is the world's largest organization dedicated to educating young people about business and entering the workforce, therefore it was a natural fit. "As an HR firm, our mission is to promote the success of the business community," explains Branvold. "A key to that success lies in all of our future employees and leaders. Junior Achievement is a perfect compliment to our corporate objectives."
