

Cashapillar

Garden Bug Bash for a Hundred Lines of Cash. Platinum Play Online Casino presents its biggest video slot yet.

Belize City, Belize, May 10, 2008 --(PR.com)-- With as many pay-lines as a centipede has legs, Platinum Play Online Casino's latest new game is the biggest video slot ever launched, with Wild, Scatter, Free-spins, Multiplier and Gamble opportunities wrapped in a fun insect birthday party theme - they've called it [Cashapillar](#).

This massive 5 reel, 100 pay-line video slot will worm its way into a player's heart because it introduces the 'stacked wilds' concept on all reels for the first time. Here a maximum of 5 'Cashapillar' wilds can appear vertically stacked to create a win bonanza - and every time the wild substitutes to complete a win, that win is doubled.

The centrepiece of the friendly creepy crawly party is the birthday cake; get 3, 4 or 5 of these sweet symbols and 15 Free Spins are triggered where all wins are trebled, and when the Cashapillar appears there's a special 6x multiplier gift as a birthday present.

This remarkable new game has remarkably good chances for reward, too. Up to 2000 in the base game and 6000 coins in Free Spins can be won per line. This translates to a maximum win across all pay-lines of 2 million coins in the base game and 6 million coins on Free Spins. That's enough hard cash for a player party of note, so why not visit the Cashapillar garden thrash and give this great new game a full-on bash, only at Platinum Play Online Casino.
