

Gary Garner Has Recently Appeared on Rude Awakening Show

Gary Garner talks about his world travel experience and his new book.

New York, NY, May 13, 2008 --(PR.com)-- In the last few years, several books have caused readers to embark on treasure hunts in search of gold or jewels, such as Michael Stadther's *A Treasure Trove* or *The Secrets of the Alchemist* Dar. But, there is yet to be a book that leads readers on a global hunt for an unknown treasure.

Throughout his own adventures, Gary Garner, world traveler and author of the *Through the Eyes of Madness*, has kept journals encrypted with artistic and mathematical codes that will lead readers of his new book to physical clues he has hidden on each of the seven continents.

In addition, Mr. Garner's Website—www.ThroughtheEyesofMadness.com—contains ten cryptic stones that can be unlocked with his codes. The stones will then lead readers to unearth physical clues that point to the ultimate prize at the end of the rainbow.

“Every three years, one key will be available to the first person to crack all ten stones,” says Mr. Garner. “In the end, there could be multiple key holders, and they will be offered the adventure of a lifetime and the chance to discover what I have placed just out of reach.”

“These past few years have been so fantastical and life-altering that even I have trouble believing it,” admits Mr. Garner. “But that’s why I kept the journals and constructed the book in the way that I did. Now, others can share in the adventure.”
