

A New Math & Science Focused Alachua County Middle School Opens in August to Serve Grades 6 & 7

Math & Science focused charter middle school opens its doors to grades 6 and 7 in August 2008 in its new location at 1000 NE 16th Avenue.

Gainesville, FL, May 15, 2008 --(PR.com)-- Sweetwater Branch Academy has got approval from the School Board of Alachua County about two years ago to open a middle and high school and has been working to open in August 2008. The school will start as a middle school and gradually expand to high school. School's executive and advisory boards include UF professors and educators. School provides a structured academic environment to deliver a rigorous and innovative educational program. It offers state-of-the-art curricula designated exemplary by the US Department of Education: Connected Mathematics Project (CMP), College Preparatory Math (CPM), Foundational Approaches in Science Teaching (FAST) and Academy of Reading.
