

Moms Eliminate Financial Problems Almost Instantly

Salmon, ID, May 14, 2008 --(PR.com)-- Corporate layoffs and home-business startups are both at all-time highs. Home-based businesses make up roughly half of all U.S. businesses and mompreneurs are getting in the game. With the recent scares in the economy moms are being extra diligent and becoming successful in the process.

Mompreneurs now have financial security, celebrate success along with the benefit of spending more quality time with their family. Moms are expert multitaskers which makes it easy for moms to start a home-business that fits their lifestyle. Starting May 14, 2008 Renee Alexopoulos will be conducting weekly interviews with successful moms. During these calls, we will reveal valuable insight in starting a home-based business. Listeners will come to the realization that a home business of their own is well within their reach.
