

## **Accent Computer Solutions Acquires Information Technology Company TECHON**

Rancho Cucamonga, CA, May 15, 2008 --(PR.com)-- CA - Accent Computer Solutions, a leading IT service provider specializing in Proactive IT Services for the Small to Medium Sized Business (SMB), announced today that it has acquired TECHON. TECHON is a full service IT service provider in Rancho Cucamonga. Through this transaction, Accent Computer Solutions will gain valuable customer opportunities and technical resources that compliment its organization.

“TECHON has been providing IT services to the Southern California area for the past 6 years. This arrangement will allow TECHON customers to benefit from the advanced proactive management and support capabilities that Accent Computers Solutions has developed. This is a win for both companies since TECHON has sophisticated IP based Telephony and excellent IT service capabilities” said Marty Kaufman, president, Accent Computer Solutions.

About Accent Computer Solutions

Founded in 1987, Accent Computer Solutions, Inc. ([www.teamaccent.com](http://www.teamaccent.com)) is a leading business technology solution provider serving a wide spectrum of businesses and organizations. They cater to the needs of small businesses to medium sized, multi-office, multi-location enterprises.

Accent's focus is on reducing the cost and the risk of Information Technology by providing proactive, managed IT services, IT outsourcing, network services, business telephone/VoIP, new building and remodel cabling, and wireless solutions. Accent is located in the Inland Empire and Riverside. They have been ranked #1 by The Business Press in its 2007 and 2008 Book of Lists.
