

Dr. Thomas E. Young of Young Medical Spa in Center Valley Announces Change in Practice

Dr. Thomas E. Young announces he will be closing his Internal Medicine portion of his practice effective July 1, 2008 and will solely be performing the services of aesthetic medicine in his Center Valley, PA location, Young Medical Spa.

Center Valley, PA, June 30, 2008 --(PR.com)-- After practicing internal medicine in his native Lehigh Valley for 20 years since completion of his residency at the Harrisburg Hospital, Dr. Thomas E. Young announces he will be closing the internal medicine portion of his practice effective July 1, 2008.

Five years ago, Dr. Young formally opened Young Medical Spa, an aesthetic medicine practice, on Route 309 South in Center Valley, PA and will continue to offer a variety of aesthetic services and treatments. Dr. Young was the first physician to perform SmartLipo™ in the Lehigh Valley since its approval by the FDA, and the combination of SmartLipo™ and Vaser® Lipo together. Young states he is dedicating his entire practice to aesthetic medicine and his Total Body Contouring Center.

Dr. Young currently is the only physician performing SmartLipo™, Vaser® Lipo, and LipoDissolve together in the Lehigh Valley and has more training and procedural experience than any physician in the Lehigh Valley. Dr. Young trained personally with the industry's foremost pioneers in the training and development of these devices and procedures. "Pure and simple, body shaping and contouring is what we do best" said Young. "Our utmost concern is the safety and optimal outcome for our patients" he continues.

Dr. Young was voted "Best Aesthetic Physician" in the Lehigh Valley in the Lehigh Valley Magazine's "Best of the Valley" Readers' Poll for two years in a row - 2007 and 2008; one of the best "Medical Spas" and "Cosmetic Injectables" physician in the 2007 Morning Call's Readers' Choice Awards.

At Young Medical Spa, you can receive the latest results-based medical cosmetic services in a relaxing spa environment. Dr. Young also performs BOTOX® and dermal filler injections; laser leg vein treatments; Lux1540 and Lux2940 Fractional™ Laser Skin Resurfacing procedures; photo facials for rosacea, acne and brown spots; pain-free skin tightening; and laser hair removal. Other services offered at Young Medical Spa includes clinical facials, crystal-free DiamondTip™ microdermabrasion, chemical peels, waxing, and massage therapy. Consultations are complimentary & financing is available. For more information call 610.798.SKIN (7546).
