

## **DFI Live Event in Pittsburgh, Pennsylvania**

*DFILive will have a live event in Pittsburgh, Pennsylvania in conjunction with First Steps to Success with Dani Johnson that same weekend.*

Newport Beach, CA, June 24, 2008 --(PR.com)-- Decide Freedom International is hosting a live event in Pittsburgh, Pennsylvania for Coastal Travel Directors.

The weekend promises to be an amazing weekend of training for Directors worldwide in Coastal Travel. This event was strategically hosted on Friday, July 11th, 2008. Strategically because First Steps to Success will be taking place on Saturday and Sunday, so all Coastal Travel Directors will be able to attend both events on the same weekend saving them time and money in training cost.

The event is open to all Coastal Travel Directors who want to learn how to build their individual businesses to higher level. Some of the topics covered can be viewed at the [Event website](#).

You can also view this [short movie presentation](#) for more details as well.

Tickets are available on the site and a discount is offered for married couples. The DFI Event ticket includes a catered lunch at the event.

"It's definitely important to get your ticket right away, our hotel block is nearly full and First Steps is close to selling out as well, so I would not delay in getting your ticket now." stated Renae Heikkila, DFI member.

David Gregoria from Minnesota said, "The DFI event had a tremendous impact on my business. I learned how to Expose, Involve, and Upgrade my clients and came home and profited \$1,000 as a direct result."

Tina Cowan was just as excited about the event, she said, "Getting to interact with other teammembers was the best part. Stacy O'Quinn is amazing on our calls, but that's NOTHING compared to learning from him LIVE. I upgraded to Platinum right after that event and within 5 days generated \$3,200!"

Don't miss it, get registered today and join them on our path to money, time and travel freedom.
