

BigBuzz Hits the Charts - Most Dependable Web Designers in Northeast - Entrepreneur Magazine

BigBuzz Communications, has placed in the selection as one of The Most Dependable™ Web Design Firms in the Northeast for 2008.

Melville, NY, June 26, 2008 --(PR.com)-- BigBuzz Communications today announced that they had recently been named as one of The 10 Most Dependable™ Web Design Firms in the Northeast of the United States.

According to Goldline Research, a list research and publishing company specializing in investigating the credibility and performance of companies in a variety of professional services industries, BigBuzz Communications, has placed in the selection as one of The Most Dependable™ Web Design Firms in the Northeast for 2008.

The list will appear in the June 2008 issue of Entrepreneur Magazine.

In order to be selected for The 10 Most Dependable™ Web Design Firms in the Northeast list, firms must exceed the stringent industry criteria and must specialize in commercial web site design; uphold excellent client references; possess 5+ years of experience; have no unresolved lawsuits or grievances; design and deliver 25+ web sites per year; serve clients both in the Northeast and Nationally; and they must have a comprehensive range of web site design and development services. Client references are checked and scored based on a proprietary scoring system.

"We are very pleased to have BigBuzz appear on the list this year," said Ryan Kluff, Publisher of Goldline Research. He also said, "They exceeded all of our industry criteria and had outstanding client references." Over 2,900 Web Designers were considered for the list and the response was overwhelming.

Kevin Kelly, President of BigBuzz says, "This status is the result of the entire team here at BigBuzz. Their dedication and creative excellence is a testament to achieving this kind of status."
