

Worldengine Ventures Launches a New Coin Directory to Help Collectors Find Coin Collecting Websites

Worldengine Ventures, LLC has launched a new coin directory to help collectors find the best coin collecting websites on the internet. The directory contains links to quality websites including coin blogs, coin dealers, US coins, world coins, news, precious metals and more.

White Plains, NY, July 16, 2008 --(PR.com)-- Worldengine Ventures, LLC, the publishers of Coin Update Daily [Coin Collecting](#) News, has launched a brand new [coin directory](#) which features some of the best coin collecting websites on the internet. The new directory can be found on the internet at www.coinwebsites.com.

The new directory has been built with for the internet savvy coin collector and includes categories such as coin blogs and coin forums. Traditional categories such as coin dealers and coin prices guides have also been included.

The directory currently includes links to over 200 coin websites across 44 categories. Each website included in the directory has been hand selected and reviewed by an editor, ensuring that only high quality sites are included.

Webmasters and website owners are invited to submit their sites for possible inclusion within the directory. Submissions to the directory are free for a limited time. All submissions will reviewed before inclusion within the directory.

Coin collectors are invited to try out the coin directory at www.CoinWebsites.com.
