If there was an award for the best guests in the world, ours would easily win it. Whenever we personally take a vacation, we always use Trip Advisor to plan where to stay, where to eat, and things to do. This site is indispensable to travelers."

Tom continued, "unfortunately, many people are under the wrong impression that all nudist resorts are the same and that they are only for "card carrying" nudists and naturists. This just isn't true. The Terra Cotta Inn caters to first timers and repeat guests. We are called the most mainstream nudist resort in America and perfect for couples trying topless or nude sunbathing for the first time."
