Pickens shares, "Since age five, twin sisters Poli and Molly have lived in an orphanage.

"They make a solemn promise to each other that unless they are both adopted into the same family, neither girl would allow herself to be adopted.

"The twins also share a clear vision of what they would like in a new home.

"The girls dream of having loving parents, their own room as well as their very own pet.

"Unfortunately, at age nine Molly is completely fed up with life in the orphanage.

"She breaks her promise to her sister, Poli by allowing herself to be adopted.

"Poli is now all alone in the orphanage and she is forced to learn who she is without her twin sister.

"Once Poli meets Percy, Nelly and Pete the Pugusaur, her entire world becomes an exciting series of events with uncertain outcomes.

"Despite any uncertainties in life, when God gives you a clear vision of what is to come, believing that he is able will manifest that vision.

"I dedicate this book to my wife Pauletta and her twin sister Janetta."
