Spring, TX June 11, 2025 --(PR.com)-- Britney Waters, a courageous author who loves adventure, manifesting, and helping others, has completed her new book, "Within the Waters": a stirring tale of one woman's fight for survival after the life she has crafted turns into an utter nightmare.

Waters writes, "Love and law, the essence of masking the truth, the myths in everyday lives. If I tell my story now, no other can tell it when I transform—transcend. Excited, nervous. It took years, storms, and three childbirths to write thee."

"In another place, Midwestern of Texas, a girl boards a jet down to Palm Beach, Florida. She took a chance, made all the right choices, finished school, opened a business, married, and donated fruits. Soon, the door to her home came crashing down. Traditional, using a female at her weakest, as bait, all to bring down yet another dominating male, who beat the system at their own game. The feds made one mistake, defining her as their object to squeeze. 'When millions of dollars are involved, so are lives,' a well-respected female lawyer quotes."

Published by Hawes & Jenkins Publishing, Britney Waters's enthralling tale will captivate readers as they follow along on Azairy's search for truth and safety as everything she has ever known is slowly torn down around her.
